# Pumpkin Origami

## Step 1

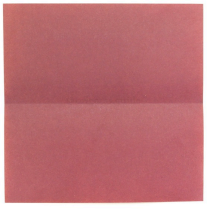

Fold paper horizontally

3

Step 3: Fold the bottom edge up to the top edge.

4

Step 4: Unfold the previous step.

## Step 2

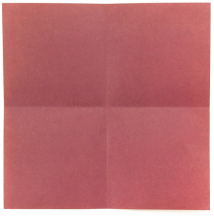

Fold paper Vertically

5

Step 5: Fold the right edge over to the left edge.

6

Step 6: Unfold the previous step.

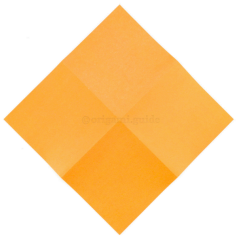

Step 3

Flip paper, rotate & fold up

Step 5

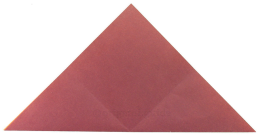

Unfold and flip over

7

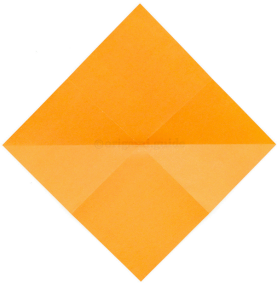

Step 7: Flip the paper over to the other side and rotate it.

8

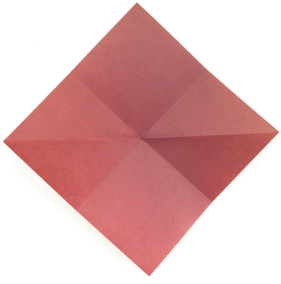

Step 8: Fold the bottom point up to the top point.

9

Step 9: Unfold the previous step.

10

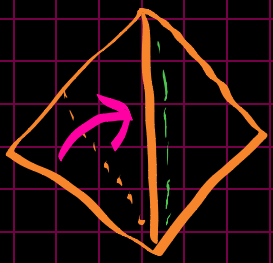

Step 10: Flip the paper over to the other side.

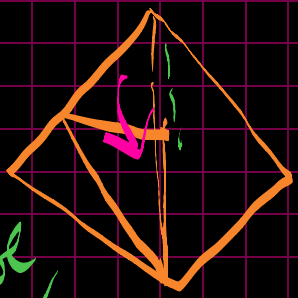

Step6

Bring the outer corners in and collapse down

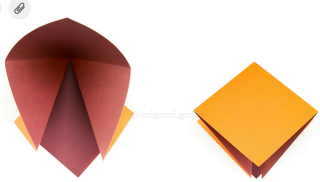

Step7

Fold left flap in to align with vertical crease, then fold top left edge in

11

Step 11: Pushing the centre of the paper, bring the right and left sides of the paper inwards and down. This is an origami square base.

12

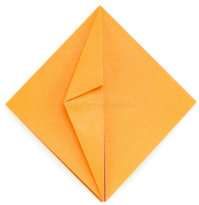

Step 12: Fold the front right flap over to the left, so that there will only be one layer on the right.

13

Step 13: Fold the lower left edge of the front flap to align with the vertical central crease as shown.

14

Step 14: Fold the top left edge diagonally in to also align with the central vertical crease as shown.

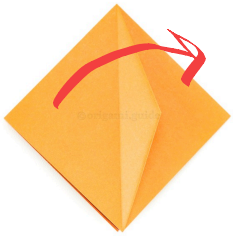

Step 8

Flip flap over, then the other

Step 9

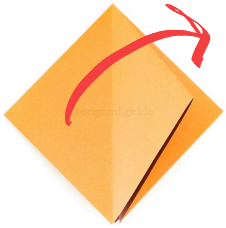

Perform Step 7 on right side

15

Step 15: Flip the flap over to the right.

16

Step 16: Flip the left flap over to the right.

17

Step 17: Repeat the same process on this flap. Fold the lower right edge diagonally in to meet the central vertical crease.

18

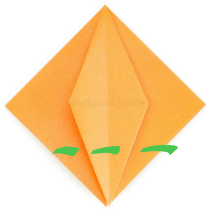

Step 18: Fold the top right edge diagonally in to also align with the central vertical crease as shown.

Step 10

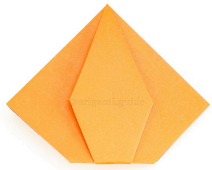

Fold flap to left, then fold the bottom point back

19

Step 19: Fold the front-most flap over to the left, revealing a diamond shape.

20

Step 20: There are several ways to shape the pumpkin, so using your judgement, fold the bottom point behind to form the base of your origami pumpkin.

Step 11

Fold the top point back, then flip the paper over

21

Step 21: Fold the top point behind.

22

Step 22: Flip the paper over to the other side.

Step 12

Fold left and right points in to make round shape, then fold the top up to reveal stem

Step 13

To make pumpkin stand, fold lower points in more, then done!

23

Step 23: Create the rounded sides by folding the left and right points in a little. Our pumpkin has a wider base.

24

Step 24: Fold the top point up, leaving a small gap to form a pumpkin stalk.

25

Step 25: If you'd like the origami pumpkin to be able to stand up, you can fold both of the lower points inside.

26

Step 26: The origami pumpkin is complete. You could even draw a cute face onto the pumpkin, or a scary Halloween face!
